

**PERMIT MODIFICATION
STATEMENT OF BASIS
State Permit Number ST 5037
Rohm and Haas Chemicals LLC**

This permit clearly allows the discharge of non-contact cooling water to the City of Elma POTW. This contradicts Special Condition S4.C.1a, which prohibits the discharge of non-contact cooling water without special permission. S4.C.1a. is hereby deleted from the permit.

The permit was originally issued to Morton International. Ecology was notified that the official name of the owner had been changed to Rohm and Haas Chemicals LLC. The name on the cover sheet is hereby changed.

Special Conditions S6 Dilution Prohibited and S7 Spill Plan were incorrectly numbered. They are now listed as Condition S5 and S6.
